

Inventory to the International Mission Board Audio Collection

AR. 551-7

I. Description:

The Audio Collection of the International Mission Board of the Southern Baptist Convention includes 175 linear ft. of reel-to-reel and audio cassette recordings. The collection also includes programs and transcripts of oral history interviews. The recordings are related to various aspects of mission activities, events related to the work of the Board (meetings, chapel, travels by the executive staff), training events, appointment services, music, and interviews with missionaries. The International Mission Board, formerly, the Foreign Mission Board was formed in 1845 to send Southern Baptist missionaries to other countries.

The Audio Collection was transferred from the International Mission Board in Richmond, Virginia, beginning in 1989 with periodic transfers since that time. The collection spans the years from the 1949 to 1988. This collection of recordings is deposited with the SBHLA for preservation and use by researchers and the staff of the IMB. Additions to this collection are expected.

Access to the collection is through this finding aid and an ACCESS database. The finding aid below is listed in numerical order by box number.

II. Item listing.

International Mission Board. Audio collection. AR 551-7					
Box #	IMB Box #	ID #	Title/description	Date	Format
